**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a Sonic customer and i use high speed fiber optic internet 1000MBPS and a home phone just for \$39.99. They provided me the best package with less price and that i couldn't get from other competitors including AT&T, Comcast, etc. When i contacted them first they said they can't give that kind of service for less price but Sonic does. That was the only reason i as a customer chosen Sonic for my needs. I strongly feel due to the competition i was able to get a good service with less price. That being said I support broadband competition and competitive fiber deployment! Please consider my request.

Thanks,
